Election/Restrictions

1. Claims 7-8 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim.

Election was made **without** traverse in the reply filed on 10 December 2004.

2. This application is in condition for allowance except for the presence of claims 7-8 drawn to an invention non-elected without traverse. Accordingly, claims 7-8 have been cancelled.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: the reason for the allowance of claim 1 is that the prior art fails to disclose a robot having wheel units having respective rotatable axes, wherein lines projected onto the floor surface and originating from the axes of rotation of the contact portions are spaced at substantially equal angular intervals, and at most two of the axes are on a common plane; wherein each of the wheel units comprises: a motor base; a rotation drive motor supported on the motor base; a casing being rotatable relative to the motor base about related one of the axes and having related one of the contact portions; and a rotational force transmission device connected between the rotation drive motor and the casing for transmitting a rotational force generated by the rotation drive motor to the casing..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
